CLASS FEATURES

Rage
You can imbue yourself with a primal power called Rage as a Bonus Action if you aren't wearing Heavy armor. You can enter your Rage a number of times per Barbarian level (see Barbarian table). You regain one use on a Short Rest and all uses on a Long Rest. While raging: you have Resistance to Bludgeoning, Piercing, and Slashing damage; when you make an attack using Strength and deal damage, you gain a bonus equal to your Rage Damage (see Barbarian table); you have Advantage on Strength checks and Strength saving throws; you can't maintain Concentration or cast spells. Rage lasts until the end of your next turn and can be extended by attacking an enemy, forcing a save, or taking a Bonus Action. Maximum duration is 10 minutes.

Unarmored Defense
While you aren't wearing any armor, your base Armor Class equals 10 plus your Dexterity and Constitution modifiers. You can use a Shield and still gain this benefit.

Weapon Mastery
Your training with weapons allows you to use the mastery properties of two kinds of Simple or Martial Melee weapons of your choice. Whenever you finish a Long Rest, you can change one of those weapon choices. When you reach certain Barbarian levels, you gain the ability to use more weapon masteries: 3 at level 4, 4 at level 10.

Danger Sense
You have Advantage on Dexterity saving throws unless you have the Incapacitated condition.

Reckless Attack
When you make your first attack roll on your turn, you can decide to attack recklessly. Doing so gives you Advantage on attack rolls using Strength until the start of your next turn, but attack rolls against you have Advantage during that time.

Primal Knowledge
You gain proficiency in another skill of your choice from the Barbarian skill list. In addition, while your Rage is active, you can channel primal power when you attempt certain tasks; whenever you make an ability check using one of the following skills, you can make it as a Strength check even if it normally uses a different ability: Acrobatics, Intimidation, Perception, Stealth, or Survival.

SPECIES TRAITS

Adrenaline Rush
You can take the Dash action as a Bonus Action. When you do so, you gain a number of Temporary Hit Points equal to your Proficiency Bonus. You can use this trait a number of times equal to your Proficiency Bonus, and you regain all expended uses when you finish a Short or Long Rest.

Darkvision
You have Darkvision with a range of 120 feet.

Relentless Endurance
When you are reduced to 0 Hit Points but not killed outright, you can drop to 1 Hit Point instead. Once you use this trait, you can't do so again until you finish a Long Rest.

FEATS

Tough
Your hit point maximum increases by an amount equal to twice your character level when you gain this feat. Whenever you gain a level thereafter, your hit point maximum increases by an additional 2 hit points.

APPEARANCE

The embodiment of bimbofication, but she'll eviscerate you if you don't like her vibe. She's not everyone's cup of tea, but her big jugs always catch people's attention. Always makes sure to check her mascara is on right, and her weave is snatched.

BACKSTORY & PERSONALITY

She used to be the alpha-male in her orc band, and instantly fell in love with a neighbouring clan's female alpha. However she was rejected for being too masculine, and in a bid to try and win her back Romb'noybib tapped into her hi-femme side. She soon found out it was something she enjoyed, and continued to chase the perfect form of femininity. The Whisper called out to her to find the next highest form of femininity.
